

Nominations Committee

Report: 2011

1. Information and process

Board of Directors

The Association has a board of 14 directors, elected at the fall annual general meeting. The chair of the nominations committee presents the 14 names at the AGM and this "report" is normally accepted and seconded.

At the first meeting of the Directors or "executive meeting" following the AGM, the directors choose four officers of the Corporation, a President, Vice-President, Secretary and Treasurer. The Secretary and Treasurer can be members in good standing, only the President and Vice President have to be directors.

The board also approves committee chairpersons. The chairs of the Association's committees need not be directors.
